CyberZone Newsletter - September 2007

page 1 of 1

Dear All,

Welcome back after the summer holiday. This is the first newsletter of the new school year and here you will find updates about the: summer barbecue; summer disco fundraiser; new layout at the centre; and more. Enjoy!

Sadhana, CyberZone Manager

SUMMER BARBECUE

11am, Saturday 8th September 2007

To welcome in the new school year we will be having our annual summer barbecue next week. Please bring food and soft drinks to share. I'm looking forward to it!

FRIENDS OF CYBERZONE MEETING

11am, Saturday 15th September 2007

Please attend the next Friends of CyberZone meeting. **Alex Spiers** and I will also attend so bring your comments and suggestions about future developments at CyberZone.

SUMMER DISCO FUNDRAISER

The summer disco fundraiser in July helped raise money for software. This will be purchased in the coming weeks. Thank you to the following people for volunteering their time to make the disco possible: **Steven Rann** (DJ); **Natasha Szymanska** (dance); **Robert Hines**

(tuck shop); **Kevin Dempsey** (presentation); and **Alex Spiers** (tuck shop).

POWERBALL 2007

This year was the first year CyberZone held its very own pool tournament. Kevin Dempsey was Tournament Director and used his knowledge and expertise to organize matches between

CyberZone members over a number of weeks. He also arranged trophies and certificates and presented them to the two final players at the disco. I am pleased to announce the **Runner-Up** as **Leanne Muldoon** and the **PowerBall Champion 2007** as **Joe Cook**.

And well done to all members who took part in the tournament.

ROOM CHANGE

Parents and Carers are invited to use the computers in the IT room where IT tutor **Angela Henriques** will be on hand to help you meet your IT needs. All children and young people can access the computers, games consoles and other games in the main hall with support from **Kasane Minowa-Astridge** and volunteers.

ENROLMENTS 2007-2008

Children and young people enrol at CyberZone once when they first join. However parents and carers should enrol each year to ensure that the CyberZone Family Learning Workshop receives the correct level of funding. Please enrol with **Angela** the next time you visit CyberZone.

MEGABYTES@CYBERZONE

Thank you to all the members who have been helping prepare lunch each week at CyberZone. Without their efforts lunch would not be possible. Thank you to **Vera** who is our newest carer at CyberZone and has been serving up delicious dishes in recent weeks.
